In addition, sentence 1.2.2.3[C] of OBC 503/09 as amended states that "*The applicant for a building permit respecting the demolition of a building shall retain a professional engineer to undertake the general review of the project during demolition, where*

- (a) *the building exceeds 3 storeys in building height or 600 m² in building area,*
- (b) *the building structure includes pre-tensioned or post-tensioned members,*
- (c) *it is proposed that the demolition will extend below the level of the footing of any adjacent building and occur within the angle of repose of the soil, or*
- (d) *explosives or a laser are to be used during the course of demolition.*
